Online Ready for Test School

Hi A. Teacher,

Test School is all set up on Online Ready — our KCSIE-aligned online safety course for secondary students. Here's everything you and your students need to get started.

Your class code

TESTCODE

Students enter this code at **abity.co.uk** to join the course.

Direct student link

Share this link instead of the code and students skip straight to sign-in — handy for a form email, a QR code, or a VLE tile.

<https://abity.co.uk/cybersmart-academy.html?code=TESTCODE>

Seats

0 of 30 seats used

30 remaining

What happens next

- Share the code or link with your students — each student sets their own name and a 4-digit PIN the first time they join.
- Progress saves automatically in the browser as students complete each module, so they can pick up where they left off.
- On completion of all 7 modules, students can generate a certificate and email it to you directly from the course.
- Want your Designated Safeguarding Lead's name built into the course content automatically? Just reply to this email and we'll set it up.

Questions any time — reply to this email or contact **hello@abity.co.uk**.
